

# Behavioral Health Services

HopeSparks Behavioral Health Services provides crucial and preventive behavioral healthcare for children and their families.

With a focus on the pediatric population (birth to 21), we work to remove barriers and stigma by providing evidence-based treatments that help families manage their lives with reduced symptoms and less stress.

## Our Services Include:

- \* Treatment for Trauma
- \* Treatment for Depression & Anxiety
- \* Treatment for Behavioral Challenges
- \* Sexual Assault Services
- \* Play and Art Therapy
- \* Infant & Early Childhood Mental Health
- \* Family Counseling
- \* Nurse Practitioner / Med Management
- \* Impact on Children Seminar Workshops

HopeSparks   
family services

HopeSparks Behavioral Health Services focus on strengthening the entire family by including caregivers in treatment and recognize caregiver support as a major key to change. This is proven by the success of our parent training programs and the successful results of our treatments. We specialize in the use of evidence-based practices. Depending on age and treatment focus, services may be provided in the clinic, community, or home.
